### **What is NISD Community Education?**

Community Education was established in 1986 to promote involvement of all the citizens of our community in our schools by providing a variety of lifelong learning opportunities for each individual. Dedicated to the idea that the school is the center of the community, Northside opens its doors in the “non-traditional” hours to encourage our community members to participate in classes that will enrich their lives personally and professionally.

Since its beginning 20 years ago, Northside’s Community Education has grown into a program that now offers over 1,500 classes to over 15,000 participants annually. We are dedicated to providing high quality and affordable classes to meet the needs of students of all ages.

### **Sessions:**

There are three sessions of classes each year. Each is composed of literally hundreds of classes, categorized in four major areas of interest: Arts, Play, Profit and Self. Within those categories, you will find over 24 subcategories of topics and classes to meet every need. We invite you to click into our on-line catalog to view and sign-up for the wide variety of educational opportunities available during current session. A printed copy of our Class Catalog can also be requested by clicking on the Class Catalog picture shown on the left side of the “home” page.

Our sessions are offered as follows:

Summer	June through mid-July
Fall	Late September through December
Spring	February through Mid-March (Spring Break) Spring Break through the end of May

### **Teaching For Community Education:**

Our teachers come from all walks of life and bring their own special expertise to the subjects they teach. We are always looking for new classes and good teachers. If you are interested in teaching for Northside Community Education, please download an application, criminal background check and send to our office. You can submit a course proposal via this website.
